Sir,

Subject:- Lease of lands to Thunga Bhadra Sugar Works, Ltd., Shimoga.

I write to state that Messrs. Thungabhadra Sugar Works, Ltd., Shimoga in their letter No.2544-26(B)57 dated 2nd November 57 (copy enclosed) have addressed this Office that the disafforestation of the said extent by contractors would take a long time for felling the trees and transporting the fuel from the area and that in order to hasten up the matter, ~~he~~ requests for surrendering the extent as it stands to the Revenue Department duly assessing the malki which the Works are agreeable to pay.

In the above circumstances, I request you to kindly intimate if the lands leased to Messrs. Thungabhadra Sugar Works may be handed over to the Works along with the malki duly ~~duly~~ assessed by the Forest Department as the Works have agreed to pay the malki.

However, I have also addressed the Conservator of Forests Shimoga Circle, Shimoga for furnishing his opinion in the matter urgently. On hearing from him, a further report will be made in case instructions of Government ~~may~~ are not received by that time.

By Sey to Govt

Letter No.2544-26(B)/57 dated 2nd November 1957 from the Messrs.Tungabhadra Sugar Works,Ltd., Shimoga to the Deputy Commissioner, Chickmagalur District, Chickmagalur.

==

We beg to invite your reference to the Govt- order No.AFD. 193-DST.57 dated Ist July 1957, regarding disafforesting an extent of 844 acres in S.Nos. 2 and 3 of Malalichannenahalli and S.No.12 of Rangapura villages in Tarikere taluk and surrendering it to the Revenue Department for being disposed in our favour for sugarcane cultivation.

In this connection, we have addressed a letter to the Conservato of forests, Shimoga Circle, Shimoga, representing that the disaffrestation of the said extent by contractors would take a long time for felling the trees and transporting the fuel from the area and that in order to hasten up the matter, we have suggested surrendering the extent as it stands to the Revenue Department duly assessing the malki which we are agreeable to pay. This is absolutely essential in view of the necessity for clearing the land by mechanised means. We would also like to mention here the fact that we had very great difficulty in clearing the Hallakkavalli lands which was previously cleared by the contractors of Mysore Iron and Steel Works. After felling the trees and removing the timber and fuel from that area, 2-3 feet stumps remained over which became very difficult to remove even with the bulldozers. Underthe said circumstances, we have suggested to the Conservator of Rorests that we ourselves would take up complete clearing of the jungle in the said area and with this in view, we have requested him also to hand over possession of these 844 acres of forest area to Revenu Department for giving us possession of the lands.

The factory is ready for going into production and it will remain idle without the cane. It is, therefore, very very important and urgent that the land granted to our Factory should be made avalable to us immediately. Otherwise, the National wealth and the plant costing about Rs.one ~~rax~~ crore will remain idle without any production. This will also result in the Management not being able to afford employment to many people who would have been employed had the plant started crushing.

Considering all the foregoing facts, we hope you will

you will kindly take up this matter with the Conservator of Forests, Shimoga Circle, Shimoga, and make arrangements for handing over possession of the lands to us at the earliest.

Thanking you,

Sir,

Urgent

Sub: Lease of lands to Thungabhadra Sugar Works Ltd., Shimoga.

Ref: This office letter No.A4.PR.54/57-58 dated 15.11.1957.

With reference to the above subject, I write to state that the Conservator of Forests Shimoga has written in his letter No.M.106-314/57-58 dated 19/21-11-1957 that he has already made arrangements for collection and supply to Mysore Iron and Steel Works of all the fuel available in the area and has given contracts also and that the contractors have already started fellings and supplies and termination of the contract at this stage may lead to legal complications and to claims for compensation etc.

The representation, from the authorities of Thungabhadra Sugar Works, Shimoga has come too late and therefore, he adds, that he is unable to consider it.

In the above circumstances I write to state that the authorities of the Sugar Works will have to wait until the timber and fuel is exploited from the land. However I have requested the Conservator of Forests, Shimoga to expedite the removal of malki and to hand over possession as early as possible in view of the urgent demand for release of the land to the Sugar Works.
